**RENEWED PETITION UNDER 37 CFR 1.137(b)**

Applicant acknowledges receipt of the decision on the petition submitted under 37 CFR 1.137(b), filed April 29, 2010, to revive the above-identified application.

Applicant respectfully requests reconsideration of the decision, in light of the following.

The decision indicates that the petition was deficient in that it was not accompanied by the required reply. The Applicant has previously filed an amendment with the petition. Examiner Zhu's Advisory Action indicates that the amendment raises issues requiring further consideration and/or search. At the time of filing the petition and amendment, the applicant intended to file a Request for Continued Examination as indicated in the Applicant's Statement Establishing Unintentional Delay (see second last paragraph on page 3 of that paper). The Applicant has herewith filed and RCE.

Applicant respectfully submits that the RCE, in combination with the previously filed amendment, comprises the required reply and accordingly the requirements for granting of the petition are satisfied.

The Petitions Attorney and the Examiner are respectfully requested to contact the undersigned by telephone or e-mail to address any issues that can expedite this case.

Respectfully submitted,  
**PATEL et al.**
